as representative of

**THE COMMONWEALTH OF PUERTO

DEBTOR

**PROMESA  
Title III**

**No. 17 BK 3283-LTS**

**(Jointly Administered)**

**RESPONSE TO PUERTO RICO SALES TAX FINANCING  
CORPORATION'S SIXTH OMNIBUS OBJECTION (NON-SUBSTANTIVE)  
TO DEFICIENT CLAIMS**

**Claims Numbers 183 and 184**

**TO THE HONORABLE COURT:**

Pedro Luis Casasnovas and Olga I. Trinidad Nieves answer the Puerto Rico Sales Tax Financing Corporation's Sixth Omnibus (Non-Substantive) Objection to Deficient Claims as follows:

**I PRELIMINARY STATEMENT**

1. On December 5, 2018, the Puerto Rico Sales Tax Financing Corporation ("COFINA"), by and through the Financial Oversight and Management Board for Puerto Rico (the "Oversight Board"), as COFINA'S representative pursuant to Section 315(b) of the Puerto Rico Oversight Management and Economic Stability Act ("PROMESA") filed its Sixth Omnibus

Pedro Luis Casasnovas and Olga I. Trinidad Nieves Claims. Nos. 4 and 5

Objection allegedly as to deficient proofs of claim ("Claims") listed on Exhibit A thereto.

2. Among the Claims listed on Exhibit A are Claims Nos. 4 and 5 filed by Pedro Luis Casasnovas and Olga I. Trinidad Nieves Casasnovas (the "Claimant") respectively 4-2 \$1,125,000.00 in Case No. 17-03284 (LTS).

3. As a basis for objecting to Claims Nos. 4 and 5 (Prime Clerk Nos. 183 and 184), the Oversight Board submits that they purport to assert liabilities associated with municipal bond(s) and or money loaned but fail to provide a basis for asserting a claim.

4. Contrary to the assertions of the Oversight Board, Claims Nos. 4 and 5 in Part 2 paragraph 9 and 10 assert as a basis therefor that they are premised on the ownerships of COFINA bonds CUSIP Nos. (Merrill Lynch) 7452JAC9, 74529JGPA, (Popular Securities) 74599BMX2, 74599BLQ8, 745299AYS2, 74599BFA0, 74599BKK2.

5. As Exhibits A hereto, Claimant is submitting her statement with Merrill Lynch and Popular Securities for the period of December 2018.

## II ARGUMENT

### **COFINA'S Objection Failed to Submit the Necessary Rebut the *Prima Facie* Validity or Legal Sufficiency of Claimant's Claim**

Under Section 502(a) of the Bankruptcy Code 11 U.S.C.A § 502(a), a proof of claim is deemed to be allowed unless objection. *In re Thompson*, 965 F.2d 1136, 1147 (1<sup>st</sup> Cir. 1992). Once the proof of claim is filed, the burden of proof shifts to the party who seeks to object its validity or sufficiency. *In re Virginia Broadband, LLC*, 521 B.R. 539, 561 (W.D. Va., 2014).

A proper objection must include sufficient evidence to refute the proof of claim's validity or legal sufficiency. See Fed.R.Bank. P. 300(d)(5); *In re La Fata*, 483 F. 3d 13, 23 (1<sup>st</sup> Cir. 2007); *In re Rowlands*, 2008 Bankr. Lexis 3958, at \*11 (1<sup>st</sup> Cir. B.A.P., 2008). See also 4 *Collier on Bankruptcy*

Pedro Luis Casasnovas and Olga I. Trinidad Nieves Claims. Nos. 4 and 5

¶502.02[3][f] (Lexis Nexis Electronic Database, last accessed on January 24<sup>th</sup>, 2019); Hon. Joan N. Feeney, Hon. Michael G. Williamson, and Michael J. Stepan, *Bankruptcy Law Manual*, 5th., Vol. 1, §§ 6;6 and 6;10, p. 1107 and 1126 (Thomson Reuters, 2017-1); George M. Treister *et al*, *Fundamentals of Bankruptcy Law*, 6<sup>th</sup> Ed., §6.02, p. 311 (ALI ABA, 2006).

An Objection does not overcome the proof of claim's *prima facie* validity unless its counterevidence has substantial probative merit. *In re Hemingway Transport, Inc.*, 993 F.2d 915,925 (1<sup>st</sup> Cir. 1993); *In re Rowlands*, 2008 Bankr. Lexis at \*10-11; *In re Tracey*, 394 B.R. 635, 639 (1<sup>st</sup> Cir. B.A.P., 2008). It is only after the objector's burden has been met, that the onus shifts back to claimant to prove her/his claim. *In re Newfound Lake Marine, Inc.*, 2007 BNH 35, at \*5 (Bankr. N.H., 2007); *In re Mulvania*, 214 B.R. 1, 5-6 (9<sup>th</sup> Cir. B.A.P., 1997).

As COFINA's objection fails to include the requisite counterevidence to overcome Claimant's proof of claim's *prima facie* validity and legal sufficiency, the Claim should be allowed as filed.

**WHEREFORE**, Claims Nos. 4 and 5 should be allowed as filed.

Total Client Investment: Cost of shares directly purchased and still held. Does not include shares purchased through reinvestment.

Cumulative Investment Return: Estimated Market Value minus Total Client Investment. shares directly purchased and still held, as well as cost of shares acquired through reinvestment). Provided for Tax Planning purposes only and is not applicable to retirement

Cumulative Investment Return is the dollar value of the capital appreciation (depreciation) of all shares purchased and still held, including shares acquired through reinvestment of dividends and distributions, which may be greater or less than the actual income distributed. Initial Purchase: Date of your initial investment in this fund.

Market Timing: Merrill Lynch's policies prohibit mutual fund market timing, which involves the purchase and sale of mutual fund shares within short periods of time with the intention of capturing short-term profits resulting from market volatility. Market timing may result in lower returns for long-term fund shareholders because market timers capture short-term gains that would otherwise pass to all shareholders and due to increased transaction costs and fewer assets for investment due to the need to retain cash to satisfy redemptions.

Sales Charge Discounts or Waivers: Many funds offer various sales charge discounts or waivers depending on the terms of the prospectus and/or statement of additional information. You should consult a fund's prospectus and/or statement of additional information to determine whether you may qualify for a discount or waiver. Notify your Financial Advisor, Financial Solutions Advisor or Investment Center representative if you believe you qualify for any of these or any other discounts or waivers. Please contact your Financial Advisor, Financial Solutions Advisor or Investment Center representative for further information on available sales charge discounts and waivers.

Fixed Income Securities

Values on your statement generally are based on estimates obtained from various sources and in certain cases only from affiliates. These values assume standard market conditions, are not firm bids or offers and may vary from prices achieved in actual transactions, especially for thinly traded securities. These values are generally for transactions of \$1 million or more, which often reflect more favorable pricing than transactions in smaller amounts. You may pay more than these values if you purchase smaller amounts of securities, or receive less if you sell smaller amounts of securities.

Prices and Valuations

While we believe our pricing information to be reliable, we cannot guarantee its accuracy. Pricing information provided for certain thinly traded securities may be stale.

Values on your statement generally are based on estimates obtained from various sources and in certain cases only from affiliates.

Investments such as direct participation program securities (e.g., partnerships, limited liability companies, and real estate trusts which are not listed on any exchange), and alternative investments (e.g., commodity pools, private equity funds, private debt funds, and hedge funds) are generally illiquid investments. No formal trading market exists for these securities and their current values will likely be different from the purchase price. Unless otherwise indicated, and except for certain alternative investment funds sponsored by affiliates of MLPF&S, the value shown on this statement for an investment in these securities has been provided by the management, administrator or sponsor of each program or a third-party vendor, in each case without independent verification by MLPF&S. The values shown may not reflect actual market value or be realized upon a sale. If an estimated value is not provided, accurate valuation information is not available.

Cost Data/ Realized Capital Gains & Losses

Cost Data and Realized Capital Gains/ Losses are provided in this statement for informational purposes only. Please review for accuracy. Merrill Lynch is not responsible for omitted or restated data. Please consult your tax advisor to determine the tax consequences of your securities transactions. Your statement is not an official accounting of gains/ losses. Please refer to your records, trade confirmations, and your Consolidated Tax Reporting Statement (Form 1099).

Insurance Policies and Annuity Contracts

Information is based on data from the issuing insurer. We are not responsible for the calculation of policy/ contract values. Insurance policies and annuity contracts are generally not held in your MLPF&S account. If we, as custodian or trustee, hold an annuity contract that is a security, SIPC and excess-SIPC coverage apply.

Estimated Annual Income and Current Yield

Estimated Annual Income and Current Yield for certain types of securities could include a return of principal or capital gains in which case the Estimated Annual Income and Current Yield would be overstated. Estimated Annual Income and Current Yield are estimates and the actual income and yield might be lower or higher than the estimated amounts. Current Yield is based upon Estimated Annual Income and the current price of the security and will fluctuate.

Market-Linked Investments (MLI)

MLIs are debt securities or Certificates of Deposit linked to an underlying reference asset. They are reflected on your statement by their underlying reference asset – equities (e.g., stocks, ETFs, equity indices), alternative investments (e.g., commodities, currencies), or fixed income (e.g., interest rates). This classification method illustrates your asset allocation.

## Miscellaneous Footnotes

CHANGE IN VALUE OF YOUR PORTFOLIO is the change in market value of your portfolio assets over the time period shown. The portfolio assets include the market value of all the securities in the account, plus insurance and annuity assets if applicable. The time frame of the graph is from account opening or September 2011, whichever is later, to the current period. Please note that large increases and/or declines in the change in the value of the portfolio can be due to additions, distribution and/or performance.

CHANGE IN VALUE reflects appreciation or depreciation of your holdings due to price changes plus any activity not reflected within Additions and Withdrawals, Income, Taxes, Fees and Expenses, and Other Activity sections. Change in Value does not reflect activity related to assets in which NFS is not the custodian (e.g. Insurance and Annuities, Assets Held Away and Other Assets Held Away).

MARGIN - You have been approved for margin privileges and may borrow money from NFS in exchange for pledging the assets in your account(s) as collateral for any outstanding margin loan. The amount you may borrow is based on the value of securities in your margin account, identified as Margin Positions Market Value on this statement. This statement shows the combined balance of your margin account and a special memorandum account maintained for you under Section 220.5 of Regulation T issued by the Board of Governors of the Federal Reserve Board. The permanent record of the separate account, as required by Regulation T, is available for your inspection.

MARGIN POSITIONS MARKET VALUE is the market value for all positions held in the margin account using the previous business day's closing price.

**MARGIN INTEREST CHARGED THIS PERIOD** is the U.S. dollar equivalent value of the interest charged on margin debit balances since the last statement period.

**CALLABLE SECURITIES LOTTERY** - When street name or bearer securities held for you are subject to a partial call or partial redemption by the issuer, NFS may or may not receive an allocation of called/redeemed securities by the issuer, transfer agent and/or depository. If NFS is allocated a portion of the called/redeemed securities, NFS utilizes an impartial lottery allocation system, in accordance with applicable rules, that randomly selects the securities within customer accounts that will be called/redeemed. NFS' allocations are not made on a pro rata basis and it is possible for you to receive a full or partial allocation, or no allocation. You have the right to withdraw uncalled fully paid securities at any time prior to the cutoff date and time established by the issuer, transfer agent and/or depository with respect to the partial call, and also to withdraw excess margin securities provided your account is not subject to restriction under Regulation T or such withdrawal will not cause an undermargined condition.

**PRICING INFORMATION** - Prices displayed are obtained from sources that may include pricing vendors, broker/dealers who clear through NFS and/or other sources. Prices may not reflect current fair market value and/or may not be readily marketable or redeemable at the prices shown.

**FOREIGN EXCHANGE TRANSACTIONS** - Some transaction types necessitate a foreign currency exchange (FX) in order to settle. FX transactions may be effected by Fidelity Forex, Inc. on a principal basis. Fidelity Forex, Inc., an affiliate of NFS, may impose a commission or markup on the prevailing interbank market price, which may result in a higher price to you. Fidelity Forex, Inc. may share a portion of any FX commission or markup with NFS. More favorable rates may be available through third parties not affiliated with NFS. The rate applicable to any transaction involving an FX is available upon request through your broker-dealer.

**COST BASIS LEGISLATION** - New IRS Rules will require National Financial Services to report cost basis and holding period information for the sale of shares of open end Mutual Fund holdings purchased on or after January 1, 2012 on Form 1099-B. National Financial Services determines the cost basis for all shares of open end mutual funds using a default method of average cost. Alternatively, account owners or their brokers and advisors can instruct National Financial Services to determine the cost basis for shares of open end mutual funds by 1) setting up their non-retirement accounts with one of our eleven tax lot disposal methods available to investors or 2) identifying specific tax lots to sell at the time of a transaction. Contact your broker or advisor to learn more about the cost basis tracking of your holdings.

**GLOSSARY** **Short Account Balances** - If you have sold securities under the short sale rule, we have, in accordance with regulations, segregated the proceeds from such transactions in your Short Account. Any market increases or decreases from the original sale price will be marked to the market and will be transferred to your Margin Account on a weekly basis. **Market Value** - The Total Market Value has been calculated out to 1 decimal places, however, the individual unit price is displayed in 5 decimal places. The Total Market Value represents prices obtained from various sources, may be impacted by the frequency in which such prices are reported and such prices are not guaranteed. Prices received from pricing vendors are generally based on current market quotes, but when such quotes are not available the pricing vendors use a variety of techniques to estimate value. These estimates, particularly for fixed income securities, may be based on certain minimum principal amounts (e.g. \$1 million) and may not reflect all of the factors that affect the value of the security, including liquidity risk. The prices provided are not firm bids or offers. Certain securities may reflect "N/A" or "unavailable" where the price for such security is generally not available from a pricing source. The Market Value of a security, including those priced at par value, may differ from its purchase price and may not

closely related to the nature of which the security may be sold or purchased based on various market factors. Investment decisions should be made only after consulting your broker-dealer. **Estimated Annual Income (EAI) & Estimated Yield (EY)** - EAI for fixed income is calculated using the coupon rate. For all other securities, EAI is calculated using an indicated annual dividend (IAD). The IAD is an estimate of a security's dividend payments for the next 12 months calculated based on prior and/or declared dividends for that security. EY reflects only the income generated by an investment and not changes in its price which may fluctuate. Interest and dividend rates are subject to change at any time and may be affected by current and future economic, political and business conditions. EAI and EY are estimates only and may include return of principal and/or capital gains, which would render them overstated. EAI and EY are provided for informational purposes only and should not be used or relied on for making investment, trading or tax decisions. EAI and EY are based on data obtained from information providers believed to be reliable, but no assurance can be made as to accuracy, timeliness or completeness.
